

Aluminium & WPC *Fence, Railing & Gate* Systems

Elevate Your Outdoor Space with the Elegance
of our Fence & Balustrade System

2025-2026 Edition

Our Story ...

At the heart of our business is a commitment to quality, reliability, and thoughtful design. With years of experience in aluminium fabrication, we've developed a range of fencing systems that balance durability, aesthetics, and easy installation. Whether it's for a residential boundary or a commercial property, our fences are designed to stand the test of time while enhancing the look of any space.

All of our fencing systems are backed by **engineer-approved PS1** documentation, ensuring full compliance and peace of mind. To suit a variety of site conditions, we offer multiple installation methods based on technical specifications—whether it's flanged posts for concrete pads or embedded posts for soil foundations. With every order, we aim to deliver a worry-free experience by combining certified design, flexible installation options, and dependable support.

Find the right fit

Icons at the bottom of each profile page show the ideal applications for that design — helping you quickly match each fence to its best use, whether at home, in a garden, or on a commercial site.

Residential Boundary

For securing and defining private home boundaries.

Decorative & Garden

Adds style and structure to garden spaces and landscaping

Commercial & Factory

Designed for durability and performance in industrial settings.

School & Public

Safe and reliable fencing for educational and public spaces.

Pool Fencing

Compliant options that ensure safety without compromising design.

Motorway & Infrastructure

Designed for roadside safety, visibility, and long-term performance.

Fence & Gate Projects

Fence Profile: **GM-SDWL-02** Glendowie, Auckland

Fence Profile: **GM-SDWL-05** Torbay, Auckland

Easy Installation: Experience hassle-free installation with our user-friendly design. Save time and effort while enjoying the benefits of a secure and attractive aluminium fence around your property.

Durability: Aluminium fences are highly durable, capable of withstanding various weather conditions without corroding or rusting. This durability ensures that your fence maintains its structural integrity and appearance for years to come, providing long-term value and peace of mind.

Fence & Gate Projects

Fence Profile: **GM-SDWL-03** Botany Downs, Auckland

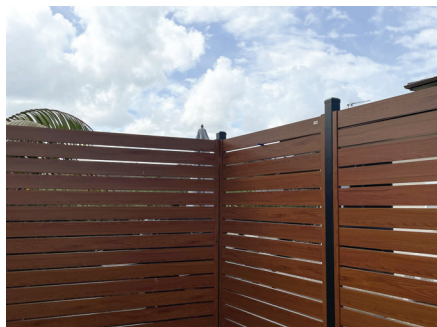

Fence Profile: **GM-SDWL-23** Massey, Auckland

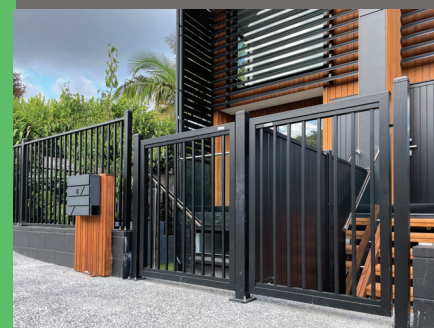

Low Maintenance: Unlike wood or wrought iron fences that may require regular painting, staining, or sealing, aluminium fences are virtually maintenance-free. A simple occasional cleaning with soap and water is usually sufficient to keep them looking pristine, reducing the need for ongoing upkeep.

Versatility: Aluminium fences are available in a wide range of styles, colours, and heights, making them suitable for various aesthetic preferences and functional needs. Whether you prefer a traditional or modern look, there's an aluminium fence design to complement any property.

Fence & Gate Projects

Fence Profile: **GM-SDWL-05** Flat Bush, Auckland

Fence Profile: **GM-SDWL-23, GM-SDWL-03** Mt Eden, Auckland

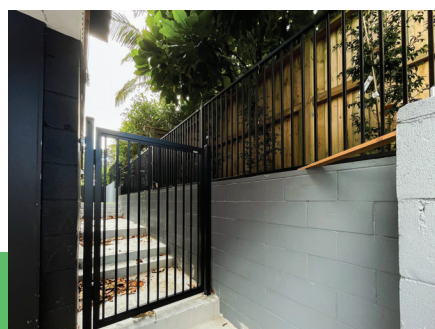

Security: Aluminium fences provide a secure boundary for residential, commercial, or industrial properties. Their sturdy construction and customizable height options help deter trespassers and enhance overall security measures.

Cost-Effectiveness: While aluminium fences may have a higher upfront cost than some other materials, their long-term benefits, such as low maintenance and durability, often outweigh the initial investment. In the long run, choosing aluminium can save money on maintenance and replacement costs, making it a cost-effective fencing option.

Fence & Gate Projects

Fence Profile: **GM-SDWL-26** Goodwood Heights, Auckland

Fence Profile: **GM-SDWL-23** Mt Eden, Auckland

Long Lifespan: Due to their resistance to rust and corrosion, aluminium fences typically have a longer lifespan compared to other materials. This longevity translates to extended durability and cost-effectiveness over the fence's lifespan.

Environmental Friendliness: Aluminium is a recyclable material, making aluminium fences an eco-friendly choice for environmentally-conscious consumers. Choosing aluminium helps reduce the demand for new raw materials and minimizes environmental impact.

Fence & Gate Projects

Fence Profile: **GM-SDWL-04** Remuera, Auckland

Fence Profile: **GM-SDWL-42** Botany Downs, Auckland

Easy Installation: Experience hassle-free installation with our user-friendly design. Save time and effort while enjoying the benefits of a secure and attractive aluminium fence around your property.

Durability: Aluminium fences are highly durable, capable of withstanding various weather conditions without corroding or rusting. This durability ensures that your fence maintains its structural integrity and appearance for years to come, providing long-term value and peace of mind.

Fence & Gate Projects

Fence Profile: **GM-SDWL-30** Flat Bush, Auckland

Fence Profile: **GM-SDWL-23 & 30** Kumeū, Auckland

Low Maintenance: Unlike wood or wrought iron fences that may require regular painting, staining, or sealing, aluminium fences are virtually maintenance-free. A simple occasional cleaning with soap and water is usually sufficient to keep them looking pristine, reducing the need for ongoing upkeep.

Versatility: Aluminium fences are available in a wide range of styles, colours, and heights, making them suitable for various aesthetic preferences and functional needs. Whether you prefer a traditional or modern look, there's an aluminium fence design to complement any property.

Fence & Gate Projects

Fence Profile: **GM-SDWL-03** Burger King, Glenn In, Auckland

Fence Profile: **GM-SDWL-03** Popeyes, Papatoetoe, Auckland

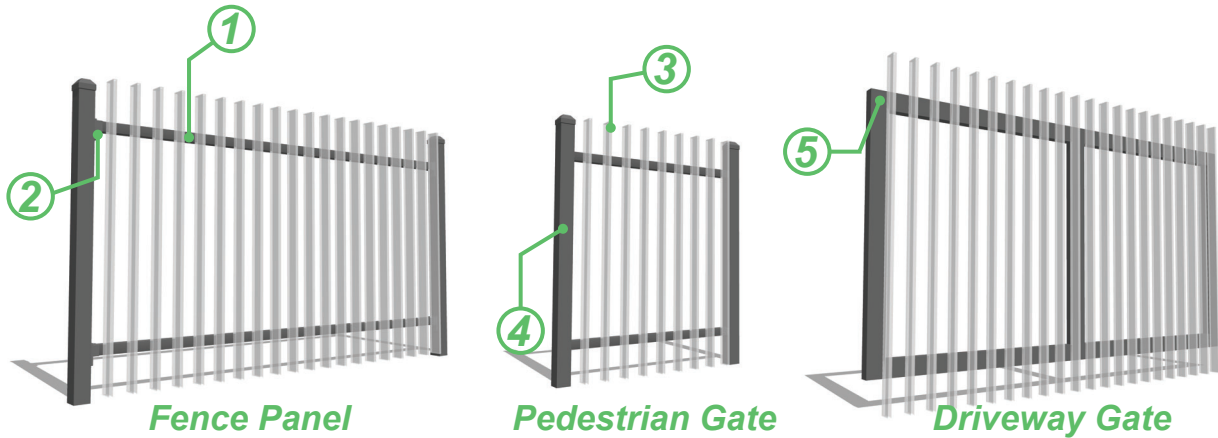

Fence Profile: **GM-SDWL-08-1** One Tree Hill, Auckland

Security: Aluminium fences provide a secure boundary for residential, commercial, or industrial properties. Their sturdy construction and customizable height options help deter trespassers and enhance overall security measures.

Cost-Effectiveness: While aluminium fences may have a higher upfront cost than some other materials, their long-term benefits, such as low maintenance and durability, often outweigh the initial investment. In the long run, choosing aluminium can save money on maintenance and replacement costs, making it a cost-effective fencing option.

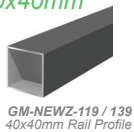

FaceLine SYSTEM

The **FaceLine 4040** series features a modern, minimalist look with vertical pickets mounted to the front face of a robust 40x40mm rail. This design creates a clean, flush aesthetic from the front while offering excellent rigidity and strength. Ideal for both residential and commercial applications, FaceLine fences are easy to install and provide a sleek visual line that complements a wide range of architectural styles.

① Rail Profile - 40x40mm

This rail includes a Back Cover Plate — simply screw the infill through the gap and snap on the cover for a clean, modern finish.

GM-NEWZ-119 / 139
40x40mm Rail Profile

② Rail Bracket - 40x40mm

Securely fasten rails to posts or mount directly onto brick, block, stone, or concrete surfaces.

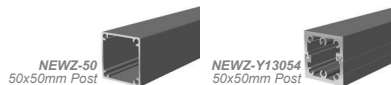

SL-31
40x40mm
Rail Bracket

③ Infill Options - Variations

The structural design supports Various Infill Profiles, with Different Rail Quantities available. See the next page for infill and rail variations.

④ Post Profiles - Variations

Available in 50mm, 65mm, 75mm, and 100mm sizes, selected based on fence span and height. Each post includes a top end cap for a sleek appearance.

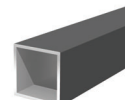

NEWZ-50
50x50mm Post

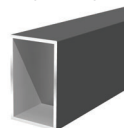

NEWZ-Y13054
50x50mm Post

⑤ Gate Frame Profiles - Variations

Available in 50x50 and 80x50 sizes, each frame includes internal corner stakes for secure joints and a snap-on cover plate for a clean, modern finish. Designed for strength, stability, and style.

INSTALLATION OPTIONS

Option 1: TOP FIX - Flange Plate

Installed directly on top of the surface using a Flange Plate to secure the post.

GM-Y13041 Flange
100x10mm
Flange Plate

Option 2: IN-GROUND FIX - In-ground Post

Posts are Embedded directly into the ground and secured with concrete, providing a clean look with strong, stable support.

Embedded Concrete Pile
Ø300mm Minimum

Option 3: SIDE FIX - Direct Mount

Posts are fixed to the side of a structure using Bolts or Anchors, ideal for maximizing usable surface space on decks, stairs, or concrete pads.

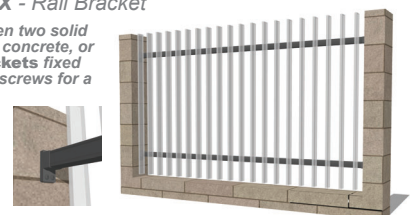

Coach Screw
M12 Dia. x 110mm

Option 4: WALL-TO-WALL FIX - Rail Bracket

Rails are installed between two solid surfaces—such as brick, concrete, or timber—using Rail Brackets fixed directly to the walls with screws for a secure, streamlined fit.

cial

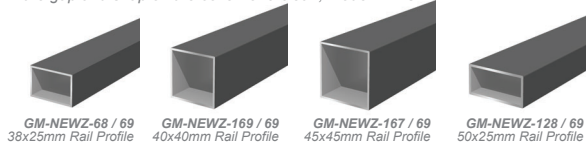

CoreLine SYSTEM

Our **CoreLine** series includes multiple profiles built around the core principle of a clean internal structure. Pickets or infill panels sit neatly between horizontal rails, delivering a balanced and secure frame. With rail sizes including 38x25mm, 50x25mm, 40x40mm and 45x45mm, the CoreLine offers flexibility for different design and strength requirements. This system is popular for boundary fencing, pool enclosures, and secure areas — combining a timeless look with robust construction and easy assembly.

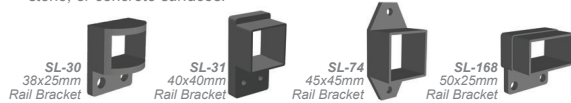

① Rail Profile - Variations

This rail includes a Back Cover Plate — simply screw the infill through the gap and snap on the cover for a clean, modern finish.

② Rail Bracket - Variations

Securely fasten rails to posts or mount directly onto brick, block, stone, or concrete surfaces.

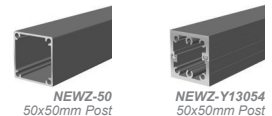

③ Infill Options - Variations

The structural design supports Various Infill Profiles, with Different Rail Quantities available. See the next page for infill and rail variations.

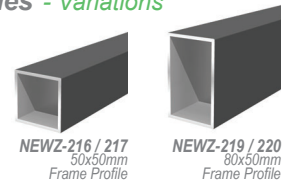

④ Post Profiles - Variations

Available in 50mm, 65mm, 75mm, and 100mm sizes, selected based on fence span and height. Each post includes a top end cap for a sleek appearance.

⑤ Gate Frame Profiles - Variations

Available in 50x50 and 80x50 sizes, each frame includes internal corner stakes for secure joints and a snap-on cover plate for a clean, modern finish. Designed for strength, stability, and style.

INSTALLATION OPTIONS

Option 1: TOP FIX - Flange Plate

Installed directly on top of the surface using a **Flange Plate** to secure the post.

Option 2: IN-GROUND FIX - In-ground Post

Posts are **Embedded** directly into the ground and secured with concrete, providing a clean look with strong, stable support.

Option 3: SIDE FIX - Direct Mount

Posts are fixed to the side of a structure using **Bolts or Anchors**, ideal for maximizing usable surface space on decks, stairs, or concrete pads.

Option 4: WALL-TO-WALL FIX - Rail Bracket

Rails are installed between two solid surfaces—such as brick, concrete, or timber—using **Rail Brackets** fixed directly to the walls with screws for a secure, streamlined fit.

PANEL DEMONSTRATION

**Posts, Brackets and other accessories are not included.*

This aluminium fence system is built for flexibility and strength, offering a sleek, modern finish that adapts to the shape of your site.

With the ability to tilt up to 45 degrees, it's ideal for installation along retaining walls, uneven boundaries, stepped sections, or sloped driveways—delivering a smart solution where standard panels won't work.

VistaLine SYSTEM

The **VistaLine** series is designed for privacy, airflow, and modern living. This range includes slatted and louvre-style fences with various gap options — from fully enclosed to partially open — allowing for light and ventilation where needed. Some profiles are fixed, while others allow adjustable airflow, making this series perfect for private courtyards, patios, and side boundaries. VistaLine not only enhances privacy but also adds architectural appeal to your property.

① Rail Profile - Variations

Side rail profiles vary depending on the actual fence design—some require pre-slotted rails, while others allow the infill to be inserted directly. Simply screw the infill in place for a clean, easy installation with a sleek finish. This system uses the same fixing method as the Pedestrian Gate and does not require rail brackets.

② Infill Profile - Variations

The structural design supports Various Infill Profiles, with Different Rail Quantities available. See the next page for infill and rail variations.

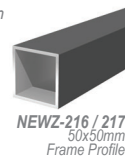

④ Post Profiles - Variations

Available in 50mm, 65mm, 75mm, and 100mm sizes, selected based on fence span and height. Each post includes a top end cap for a sleek appearance. 70mm and 100mm Slot Post also available for SDWL-56 & SDWL-57

⑤ Gate Frame Profiles - Variations

Available in 50x50 and 80x50 sizes, each frame includes internal corner stakes for secure joints and a snap-on cover plate for a clean, modern finish. Designed for strength, stability, and style.

INSTALLATION OPTIONS

Option 1: TOP FIX - Flange Plate

Installed directly on top of the surface using a **Flange Plate** to secure the post.

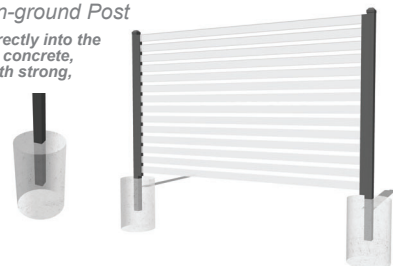

GM-Y13041 Flange
100x10mm
Flange Plate

Option 2: IN-GROUND FIX - In-ground Post

Posts are **Embedded** directly into the ground and secured with concrete, providing a clean look with strong, stable support.

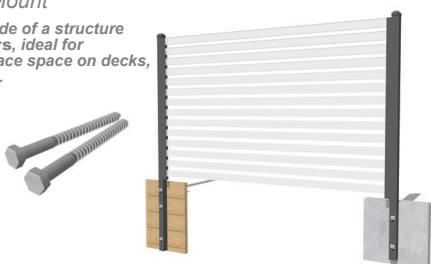

Embedded Concrete Pile
Ø300mm Minimum

Option 3: SIDE FIX - Direct Mount

Posts are fixed to the side of a structure using **Bolts or Anchors**, ideal for maximizing usable surface space on decks, stairs, or concrete pads.

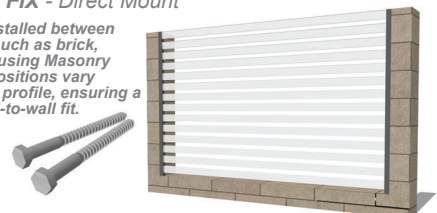

Coach Screw
M12 Dia. x 110mm

Option 4: WALL-TO-WALL FIX - Direct Mount

Rails are vertically installed between two solid surfaces—such as brick, concrete, or timber—using **Masonry Anchors**. Mounting positions vary depending on the rail profile, ensuring a secure and sleek wall-to-wall fit.

Masonry Anchor
M8 Dia. x 75mm

CrossLine SYSTEM

The **CrossLine** system offers a streamlined, contemporary look using a clever interlocking design. This system features perforated infill profiles that the horizontal rails pass through, creating a secure, integrated frame without visible brackets or fasteners. For a cohesive aesthetic, the posts are designed to match the profile size of the infills, giving the entire fence a clean, flush appearance. Ideal for modern boundaries, urban developments, and commercial settings, CrossLine delivers both form and function with minimal visual clutter and maximum strength.

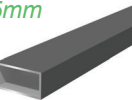

Fence Panel

Pedestrian Gate

① Infill Profile - 50x25mm

This 50x25 Infill Profile features a snap-on cover plate that allows you to screw-fix through the rail, then conceal the fixings for a clean, streamlined finish

GM-NEWZ-210 / 69
50x25mm Infill Profile

③ Rail Bracket

This box-shaped bracket securely fixes to the post and holds the rail in place with precision. Designed for strength and stability, it ensures a clean connection and a solid, long-lasting installation.

25x25x3R
Rail Bracket

② Rail Profile - 25x25mm

The 25x25x3 square hollow Rail Profile slides through the infill sections and secures with screws, creating a strong and cohesive structure.

25x25x3R

SDWL-54 is a high-security steel fence made from square tubes with triple-split, pointed tops. It provides strong protection and a sharp anti-climb barrier for sensitive or restricted areas.

*Ideal Applications:

Residential
Boundary

Decorative
& Garden

Commercial
& Factory

School
& Public

WPC *Fence & Gate* Systems

Our WPC (Wood Plastic Composite) Fence System offers a modern, low-maintenance alternative to traditional fencing. Made from a durable blend of wood fibres and recycled plastic, WPC panels are resistant to moisture, fading, and warping — making them ideal for New Zealand's diverse weather conditions.

With clean lines, interlocking profiles, and a range of colour options, this system delivers privacy, strength, and style to suit any residential or commercial project.

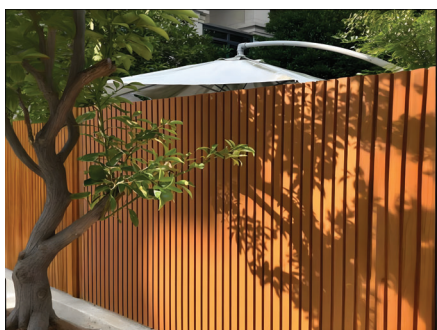

Projects

Durability Meets Sustainability: Our WPC Fences combine the resilience of wood-plastic composite with advanced engineering, offering a long-lasting, weather-resistant barrier. Unlike traditional timber, these fences resist rotting, warping, and insect damage, ensuring a low-maintenance solution built to withstand the test of time.

Timeless Elegance: Elevate your outdoor space with the natural beauty of wood and the modern performance of composite materials. Our WPC Fences feature rich textures and contemporary tones that seamlessly blend with any landscape, providing both privacy and style for years to come.

Projects

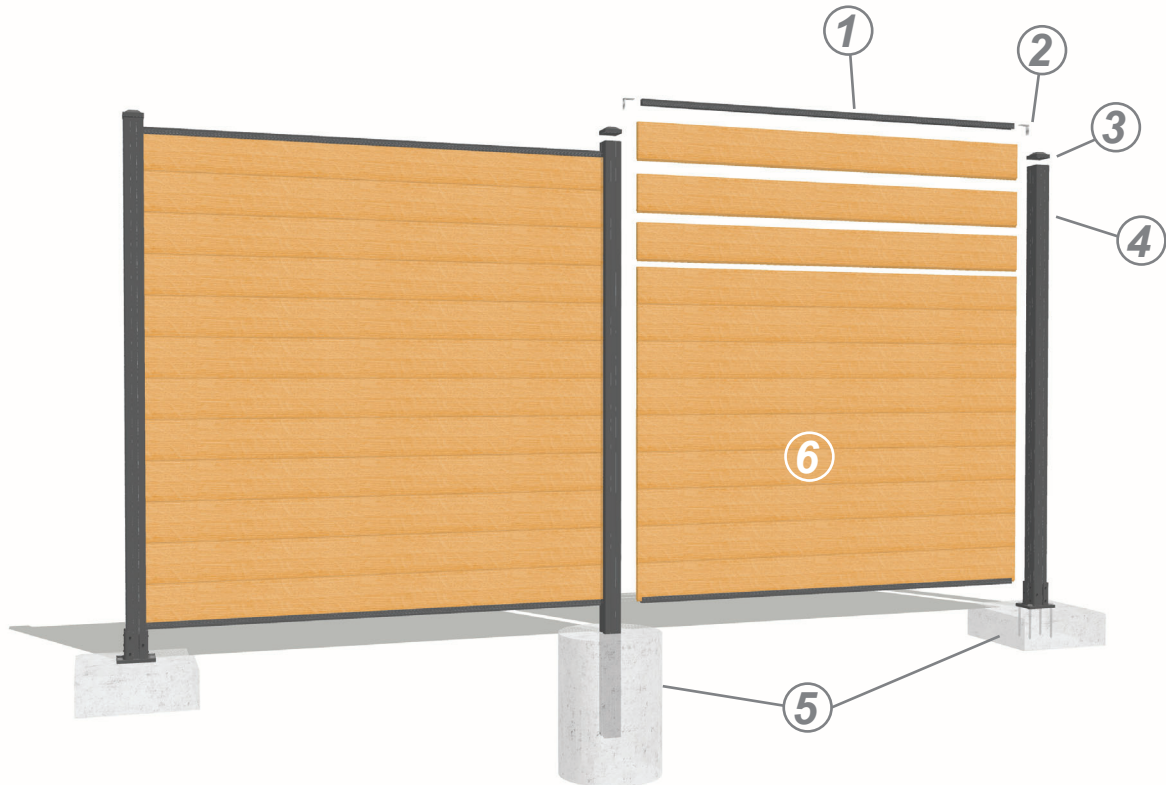

Effortless Installation: Designed with simplicity in mind, our WPC Fences feature modular components that make setup quick and straightforward. Whether you're upgrading a backyard or enclosing a commercial site, the system is installer-friendly and adaptable to various layouts.

Eco-Friendly Choice: Made from recycled materials, WPC fencing offers a sustainable alternative to traditional timber. By choosing composite, you're reducing environmental impact without compromising on strength, durability, or visual appeal.

WPC Fence SOLID PANEL SYSTEM

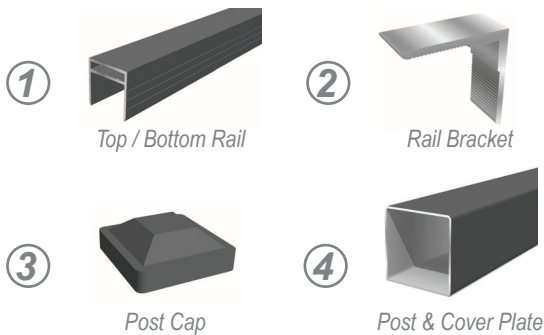

Wood-Plastic Composite Fence

SOLID PANEL SYSTEM

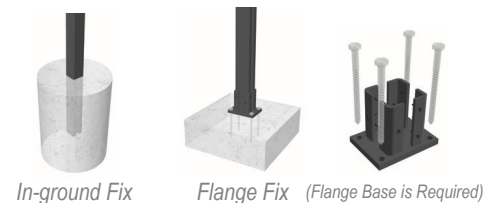

A fully enclosed design with panels placed tightly together, providing maximum privacy and noise reduction. Ideal for residential and commercial spaces that require complete coverage.

ACCESSORIES

INSTALLATIONS

⑤ Our WPC fence system is designed for easy & versatile installation, suitable for both:

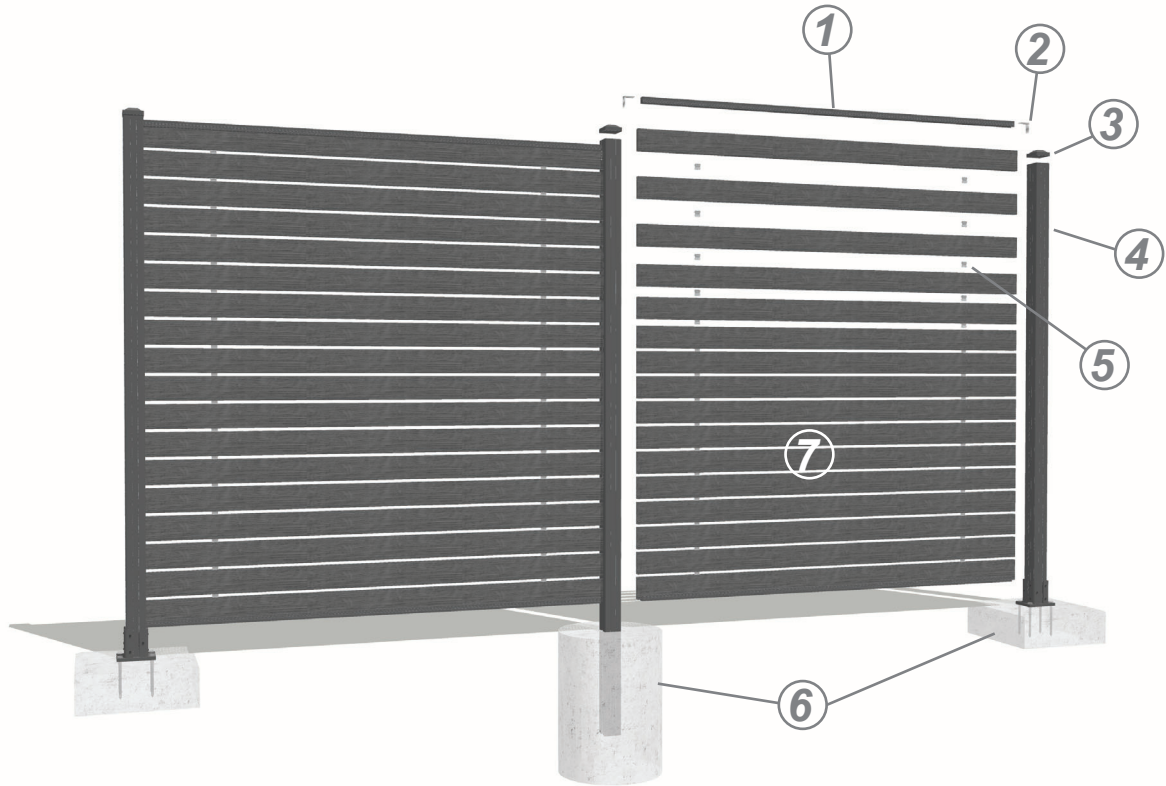

COMPATIBLE WPC BOARDS

⑥ Solid Panel System works with different board styles, allowing for customization based on aesthetic and functional preferences.

Each board type is available in three elegant colours:

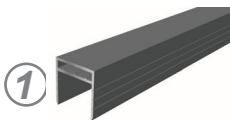

SPACED PANEL SYSTEM

Features evenly spaced panels with integrated spacers, allowing airflow and light while maintaining a modern, stylish look. Perfect for areas where ventilation and visibility are desired.

COMPATIBLE WPC BOARDS

⑥ The **150mm Slim Decorative Panel System** pairs **150mm Flat Boards** with five elegant patterned panels, offering a blend of privacy and stylish design.

Each board type is available in three elegant colours:

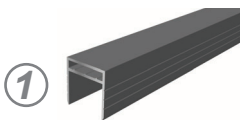

WIDE DECO PANEL SYSTEM

The Wide Decorative Panel System offers a unique design with a 150mm flat board combined with two different 280mm patterned panels, providing a refined and stylish look. These patterned panels can also be used independently to create vertical fence panels,

Infill Spear Head

SL-63
Infill Spear Head #1
Fit Ø16 Round Infills
Overall Height: 100mm
Finish: Mill Finish

SL-64
Infill Spear Head #2
Fit Ø19 Round Infills
Overall Height: 100mm
Finish: Matt Black / Mill Finish

SL-66
Infill Spear Head #3
Fit 16x16 Square Infills
Overall Height: 95mm
Finish: Mill Finish

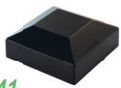

SL-65
Infill Spear Head #4
Fit 16x16 Square Infills
Overall Height: 110mm
Finish: Mill Finish

SL-67
Infill Spear Head #5
Fit 19x19 Square Infills
Overall Height: 110mm
Finish: Matt Black / Matt Appliance White / Mill Finish

Post Cap

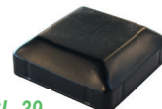

SL-41
Aluminium Post Cap
Fit 50x50 Post
Finish: Mill Finish / Matt Black

SL-25
Steel Post Cap
Fit 50x50 Post
Finish: Galvanised Finish / Matt Black / Matt Appliance White / Matt Ironsand

SL-40
Steel Post Cap
Fit 65x65 Post
Finish: Galvanised Finish / Matt Black / Matt Appliance White / Matt Ironsand

SL-39
Steel Post Cap
Fit 75x75 Post
Finish: Galvanised Finish / Matt Black / Matt Appliance White / Matt Ironsand

SL-38
Steel Post Cap
Fit 100x100 Post
Finish: Galvanised Finish / Matt Black / Matt Appliance White / Matt Ironsand

SL-37
Steel Round Post Cap
Fit Ø50 Post
Finish: Galvanised Finish

SL-36
Steel Round Post Cap
Fit Ø65 Post
Finish: Galvanised Finish

SL-35
Steel Round Post Cap
Fit Ø75 Post
Finish: Galvanised Finish

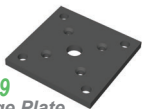

SL-34
Steel Round Post Cap
Fit Ø114 Post
Finish: Galvanised Finish

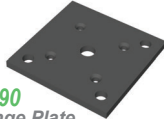

SL-33
Steel Round Post Cap
Fit Ø165 Post
Finish: Galvanised Finish

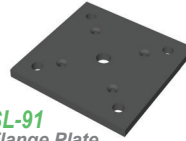

Flange Plate

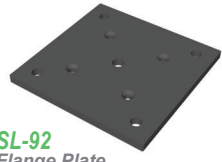

SL-89
Flange Plate
Fit 50x50mm Post
Overall Size: 100x100x8mm
Fixing Hole: Ø10mm

SL-90
Flange Plate
Fit 65x65mm Post
Overall Size: 120x120x8mm
Fixing Hole: Ø12mm

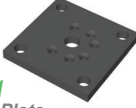

SL-91
Flange Plate
Fit 75x75mm Post
Overall Size: 140x140x10mm
Fixing Hole: Ø12mm

SL-92
Flange Plate
Fit 100x100mm Post
Overall Size: 200x200x11mm
Fixing Hole: Ø14mm

SL-419
Flange Plate
Fit 50x25mm Post
Overall Size: 100x50x12mm
Fixing Hole: Ø10.5mm

Y13041
Flange Plate
Fit 50x50mm Post
Overall Size: 100x100x10mm
Fixing Hole: Ø12.6mm

Rail Bracket

SL-422
Rail Bracket
Fit 25x25mm Rail Profile
Overall Size: 72.5x25x12mm

SL-30
Rail Bracket
Fit 38x25mm Rail Profile
Overall Size: 58x48x30mm

SL-31
Rail Bracket
Fit 40x40mm Rail Profile
Overall Size: 83x48x30mm

SL-74
Rail Bracket
Fit 45x45mm Rail Profile
Overall Size: 103x53x30mm

SL-138
Rail Bracket
Fit 50x50mm Rail Profile
Overall Size: 114x58x36mm

SL-154
Rail Bracket
Fit 50x25mm Rail Profile
Overall Size: 60x63x30mm

SL-150
Adjustable Rail Bracket
Fit 38x25mm Rail Profile
Overall Size: 12.5x45x38mm

SL-197
Adjustable Rail Bracket
Fit 25x38mm Rail Profile
Overall Size: 17x33x40mm

SL-151
Rail Bracket
Fit 40x40mm Rail Profile
Overall Size: 40x45x40mm

Pedestrian Gate Hardware

Everything you need to complete your gate installation. This range includes durable latches, hinges, handles, and gate stops – all designed for smooth operation and a secure fit.

Pedestrian Gate Hinges

SHG-90 / SHG-90L
Adjustable Tension Hinge
Max Holding weight: 70kg
Max Closing weight: 45kg
Gaps: 4mm-27mm

SHG-90C
Self-closing Hinge
with Safety Cap
Max Holding weight: 28kg
Fixing Holes: 4
Gaps: 9mm-28mm

SL-170
Adjustable Tension Hinge
Height: 150mm
Hinge Leaf Width: 35mm
Fixing Holes: 8

SL-171
Neutral Tension Hinge
Height: 150mm
Hinge Leaf Width: 35mm
Fixing Holes: 8

Pedestrian Gate Latches

SLV-VIPER X1 / SLV-VIPER X1-IK
Double Hooked Gravity Latch
Single Sided
Gaps: 14mm-34mm
Overall Height: 145mm
(Comes with "Key Alike" & "Individual Keyed" options)

SLV-VIPER X2 / SLV-VIPER X2-IK
Double Hooked Gravity Latch
Double Sided
Gaps: 14mm-34mm
Overall Height: 145mm
(Comes with "Key Alike" & "Individual Keyed" options)

SL-25H
Top-pull Lockable
Short Gate Hinge
Gaps: 12mm-38mm
Overall Height: 255mm

SL-50H
Top-pull Lockable
Magnetic Gate Hinge
Gaps: 12mm-38mm
Overall Height: 534mm

SL-50K
Top-pull Key-less
Magnetic Gate Hinge
Gaps: 12mm-38mm
Overall Height: 534mm

SL-50TRI
Top-pull Lockable
Child Safety Gate Hinge
Gaps: 12mm-38mm
Overall Height: 543mm

SL-169
Gate Latch - Standard
Gap: up to 30mm
Pin Dia.: Ø9mm
(Includes a hole for locking devices)

Pedestrian Gate Stops & Handle

SGSS
Gate Stop - Standard
3 Fixing Holes
Overall Height: 90mm
Overall Width: 71mm

SGSL
Gate Stop - Large
4 Fixing Holes
Overall Height: 90mm
Overall Width: 106mm

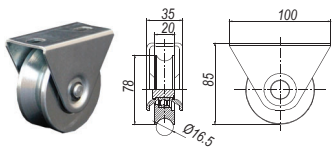

SHDL
Gate Handle
2 Fixing Holes
Overall Height: 158mm
Overall Width: 23.7mm

Driveway Gate Hardware

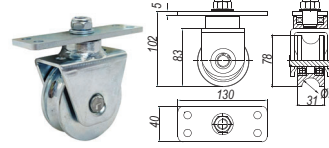

Essential hardware for smooth and secure driveway gate operation. This selection includes heavy-duty hinges, drop bolts, latches, and wheels – built to handle wide openings with ease.

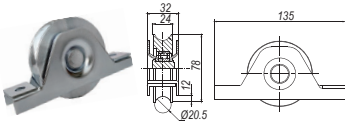

Sliding Gate Wheels

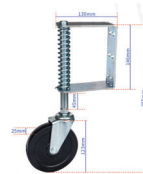

SL-263 - HT1U80R10
Ø78mm Sliding Gate Wheel - U Groove
Material: Galvanised Steel
Weight: 0.75kg

SL-287 - HF2U80XWR10
Ø78mm Sliding Gate Wheel - U Groove
Material: Galvanised Steel
Weight: 1.5kg

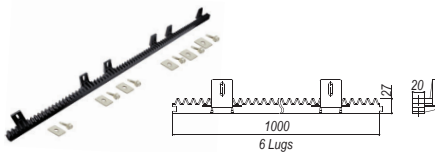

SL-328 - HD1U80R10
Ø78mm Sliding Gate Wheel - U Groove
Material: Galvanised Steel
Weight: 0.8kg

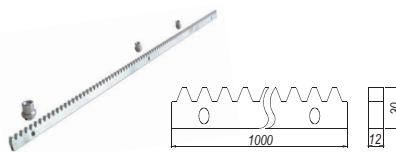

SL-282 - ZCL5"-A
5" Swivel Gate Castor
Over Height: 350mm
Wheel Dia.: Ø123mm

Sliding Gate Gear Tracks

SL-272 - CT03C
Sliding Gate Nylon Gear Rack
Length: 1000mm
Fixing Hole: M4
Weight: 1.4kg

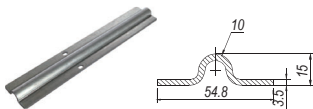

SL-284 - CT01E
Sliding Gate Steel Gear Rack
Length: 1000mm
Fixing Hole: M4
Weight: 2.6kg

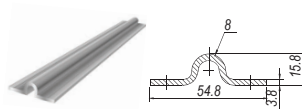

SL-285 - CTPJ02A
Steel Gear Rack Fixing Bracket
Fixing Hole: M4

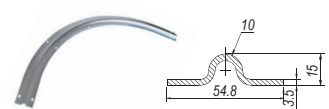

Sliding Gate Tracks

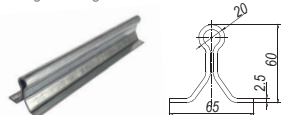

SL-264 - HT1U80R10
Bolt-down Sliding Track
Material: Galvanised Steel
Weight: 1.8kg/m

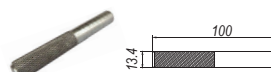

SL-197
Silence Sliding Track
Material: Aluminium
Weight: 0.8kg/m

SL-288 - HGR10W0.5M
Bolt-down Sliding Track - Curved
Curved Radius: 0.5m
Weight: 1.7kg

SL-266 - HGDR10
In-ground Sliding Track
Material: Galvanised Steel
Weight: 3.2kg/m

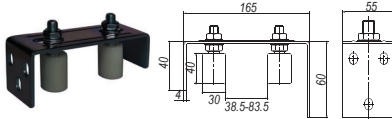

SL-314 - QT01A
In-ground Sliding Track Connector
Material: Galvanised Steel
Weight: 0.1kg

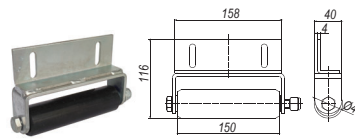

SL-318
Anchor Expansion Rivet
Rivet Size: M6
Length: 50mm

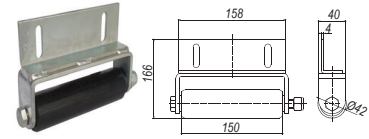

Sliding Gate Guide Rollers

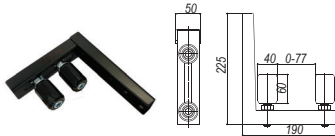

SL-316 - KJ07A
Sliding Gate Roller Guide with Bracket
Material: Galvanised Steel
Weight: 0.7kg

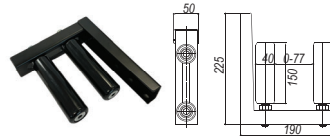

SL-277 - KJ13A
Adjustable Roller Guide with Bracket
Material: Galvanised Steel
Weight: 1.2kg

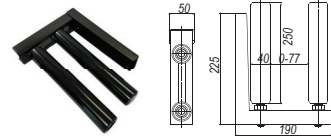

SL-278 - KJ13A.02
Adjustable Roller Guide with Bracket
Material: Galvanised Steel
Weight: 1.5kg

SL-290 - KJ05A
Sliding Gate Roller Guide with Bracket
Roller Length: 60mm
Weight: 1.4kg

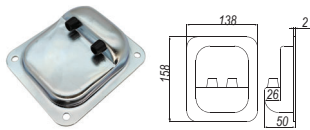

SL-275 - KJ05B.01
Sliding Gate Roller Guide with Bracket
Roller Length: 150mm
Weight: 1.4kg

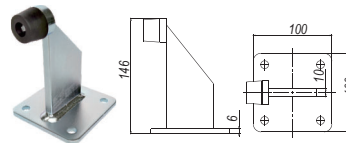

SL-276 - KJ05B.02
Sliding Gate Roller Guide with Bracket
Roller Length: 250mm
Weight: 1.4kg

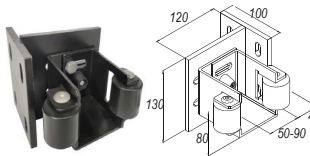

Gate Stops

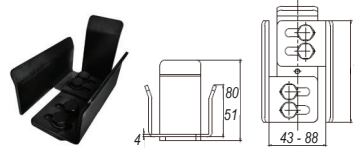

SL-267 - MX02B
Swing Gate Stopper with Rubber
Material: Galvanised Steel
Weight: 0.5kg

SL-268 - MX02A
Sliding Gate Stopper with Base Plate
Material: Galvanised Steel
Weight: 1.0kg

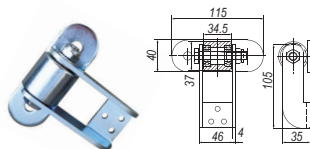

SL-279 - MD05A
Adjustable Gate End Stop
Material: Galvanised Steel
Weight: 2.9kg

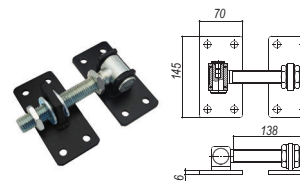

SL-315 - ZDMD01A
Adjustable Sliding Gate End Stop
Material: Galvanised Steel
Weight: 2.9kg

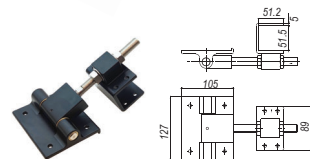

Swing Gate Hinges

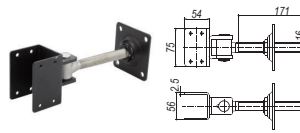

SL-286 - JL129A
Folding Gate Hinge
Material: Galvanised Steel
Weight: 0.7kg

SL-289 - JL79D
Swing Gate Adjustable Hinge
Material: Galvanised Steel
Weight: 2.1kg

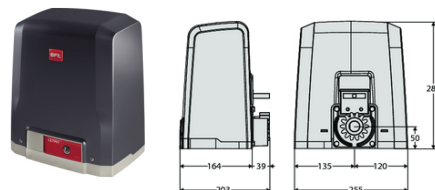

SL-289 - JL118A
Estate Gate Adjustable Hinge - Heavy Duty
Material: Galvanised Steel
Weight: 1.4kg

SL-273 - JL29B
Swing Gate Adjustable Hinge
Material: Galvanised Steel
Weight: 0.9kg

Automation Gate Motors

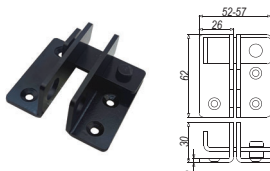

BFT DEIMOS BT-A400
Automation Sliding Gate Motor
Motor Voltage: 24V
Max Gate Weight: 400kg
Gate Speed: 12 m/min
Locking: Mechanical

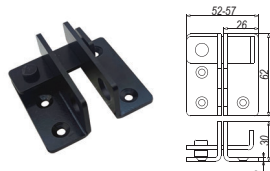

BFT PHOBOS BT-A25
Automation Swing Gate Motor
Motor Voltage: 24V
Max Gate Weight: 400kg
Gate Speed: 15 secs to fully open
Locking: Mechanical
Max Gate Width: 2.5m

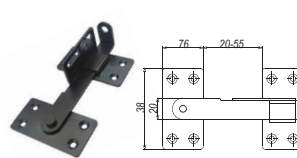

Gate Latches & Bolts

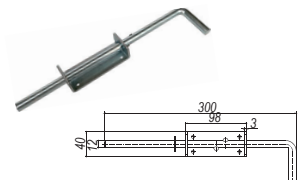

SL-270 - JCX53L
Safety Gate Latch - Left Side Open
Material: Galvanised Steel
Weight: 0.2kg

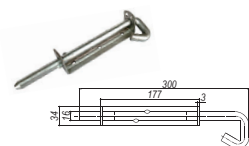

SL-271 - JCX53R
Safety Gate Latch - Right Side Open
Material: Galvanised Steel
Weight: 0.2kg

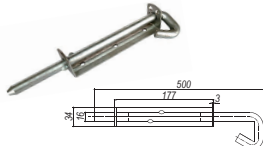

SL-271 - JCX54A
Gate Flip Latch
Material: Galvanised Steel
Weight: 0.2kg

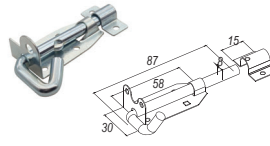

SL-274 - CX09A
300mm Sliding Bolt
Material: Galvanised Steel
Weight: 0.5kg

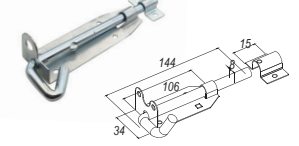

SL-293 - CX25A
300mm Drop Bolt
Material: Galvanised Steel
Weight: 0.8kg

SL-294 - CX25B
500mm Drop Bolt
Material: Galvanised Steel
Weight: 1.1kg

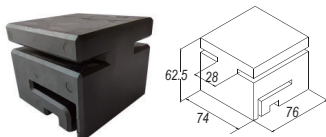

SL-291 - CX26A
87mm Sliding Pad Bolt
Material: Galvanised Steel
Colour Options: Galvanised Finished / Matt Black
Weight: 75g

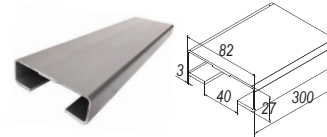

SL-292 - CX26B
144mm Sliding Pad Bolt
Material: Galvanised Steel
Weight: 120g

Cantilever Gate Carriage

SL-281 - FK01A
Sliding Plastic Block
Weight: 0.3kg

SL-280 - FG01A
Aluminium Sliding Guide
Weight: 0.3kg

FG02A
Aluminium Z-shape Track
Material: Aluminium
Weight: 1.1kg/m

Gate Locks

SD-308B
Mechanical Digital Gate Lock Single Sided
Backset: 60mm
Door Thickness: 35-60mm
Overall Height: 142mm
Material: Zinc Alloy

SD-208S
Mechanical Digital Gate Lock Double Sided
Backset: 60mm
Door Thickness: 35-60mm
Overall Height: 142mm
Material: Zinc Alloy

ML-180
Electric Magnetic Gate Lock
Input Voltage: 12v DC
Max Holding Force: 180kg
Weight: 1.2kg
Overall Size: 170x40x20mm
Material: Zinc Alloy

Security Keypad

XKI-EM
Secure Access Control Keypad
Voltage Range: 12-28V
Card Type: 13.56MHz Mifare Card
Overall Size: 115x75x22mm
Waterproof Rating: IP66
